COMPANIES MAY REFUSE RENEWALS

String Attached to Latest Orders in Insurance Muddle.

Renewals of mercantile fire insurance policies expiring after July 11 are being written with a string attached. Although no new business will be accepted by the insurance companies, a few of the companies are permitting their local agents to renew policies expiring after that date, subject to the approval of the companies.

These renewals are being written at the new rate as reduced June 28, with the understanding that the application will be refused by the general offices of the companies if it is thought that the risk is too great to carry at the new rate.

This means that the merchants having policies expiring after July 11 are at the mercy of the insurance companies.

PARRA IS SENT BACK TO MEXICO

Immigration Officers Take Advantage of Law and Deport Mexican.

Jose Parra is no longer a resident of El Paso. He has been taken back to Mexico, whence he came, and henceforth will be regarded as an alien.

Parra was found guilty two years ago of implication in the noted Rock Island dining car case, in which a Chinese contraband was concealed in an ice chest. He and a niece month term that. According to immigration laws, a convicted person may not be deported after a three years' residence. Except with the Chinese affected by special laws, and one other exception, this holds. A Chinese may be deported at any time, if illegally entered, but the foreigner who smuggles the Chinaman is safe after three years' residence.

But immigration authorities went one better, all because Parra made the mistake of entering Mexico. He was stopped at the border, and Tuesday was formally deported as an alien. On entering the United States from Mexico he lost the legal protection which would hold in his being deported from the United States.

MAN TO BE TURNED OVER TO NEVADA OFFICERS.

Prisoner Held in Ciudad Juarez To Be Expatriated to Nevada For Trial.

James Thompson, alias Frank Thompson, alias Peter Usnikovich, who has been in the Juarez jail for two months or so, wanted on a charge of murder up in Nevada, will be extradited.

After spending some time in the El Paso jail, the name of many names was arrested for intoxication by the Mexican police. Then it was learned that his appearance agreed with the description of the Nevada suspect. Through counsel Edwards, of Juarez, the American was held by the Mexican police.

Now an official document has arrived from Washington bearing the signature of William Howard Taft, and other red tape. It is an extradition warrant, and now only a state officer is needed. Counsel Edwards has received word that Sheriff C. P. Ferrell, of Washoe county, Nevada, will come for the man, but that official has not appeared.

NEW LUMBER RATES FOR ARIZONA RAILROADS

Interstate Commerce Commission Rulings Hit Many Roads.

The lumber rates of the Santa Fe, the Southern Pacific, El Paso & Southwestern, the Santa Fe, Prescott & Phoenix, and Gila Valley, Globe & Northern, as applied to Arizona, have been condemned by the interstate commerce commission. The case was brought to the notice of the commission by the issues raised by the Saginaw and Matinee Lumber company, of Williams, Ariz., the Arizona Lumber and Timber company of Flagstaff and the Greenleaf Lumber company of Clifton, Arizona, complained to the commission of the discrimination in rates to Phoenix from Williams, Flagstaff and Clifton. Following the hearing of the case, the commission ordered the roads to establish on or before September 1, 1910 and maintain for a period of not less than two years, a rate of not over 18 cents per 100 pounds between Williams, Flagstaff, Clifton and Phoenix.

The roads are further ordered to desist from collecting the present joint rate from Williams, Flagstaff and Clifton to Mesa, Kelvin and Winkelman on the Phoenix & Eastern railroad and ordered to establish and maintain for a period of not less than two years, a rate from Williams, Flagstaff and Clifton to Mesa, not to exceed 24 cents on lumber and 18 cents on timber; to Kelvin, not to exceed 27 cents on lumber and 19 cents on timber; to Winkelman, not to exceed 25 cents on lumber and 20 cents on timber—with minimum car weight of 40,000 pounds.

The present rates from Williams, Flagstaff and Clifton to Red Rock, Tucson, Benson, Tombstone, Bisbee, Naco, Douglas and Globe are also found undesirable by the commission and the roads are ordered to establish on or before September 1 and maintain for a period of not less than two years, joint through rates not exceeding the following rates in cents per 100 pounds in carloads, minimum 40,000 pounds:

To Red Rock, 28 cents on lumber, 19 cents on timber; Tucson, 28 cents on lumber, 19 on timber; to Benson, 30 on lumber, 21 on timber; to Tombstone, 33 on lumber, 23 on timber; to Bisbee, 36 on lumber, 24 on timber; to Naco, 36 on lumber, 24 on timber; to Douglas, 38 on lumber, 25 on timber; to Globe, 44 on lumber, 30 on timber.

The roads are also ordered to establish through routes for the transportation of lumber and timber in carloads, the commission finding that no reasonable and satisfactory through routes exist between the points named. M. L. Bell, Hawkins & Franklin and W. C. Barnes represented the El Paso & Southwestern at the hearing.
